End of the World | Metacritic An

unexpectedly comforting tale of a man

who realizes the end of the world has

begun -- only. 2012 — Get all Movie

facts & entertainment news, plus trailers

& more!Q: Saving and Loading texture

after changing it I am trying to learn

about texture loading and saving, and I

am having a problem with doing the

same code for saving and loading.

Currently, I am recreating an image

every time I want to save and load textures, which are in the md5 texture format. If I want to save images, I do it like this:

```
void save(const std::string &filename) { image tmpImg; if (png_create_write_struct(PNG_LIBPNG_VER_STRING, NULL, NULL, NULL)) { if (png_init_io(png_ptr, fout.data(), 0)) { if (png_set_image_fn(png_ptr, Png_USE_PNG, &tmpImg, Png_CALLBACK_STORAGE)) { if (png_set_strip_16(png_ptr)) { if (png_set_bgr(png_ptr) != 0) png_error(png_ptr, "could not write png file"); } else png_error 82138339de
```
