UFS HWK Support Suite is the service which can update firmware.Tornado UFS 3 support the following phone models.Ufs HWK Support Suite is the service which can update firmware.1.1. # Sudoer (new) This section describes the new Sudoer subsystem, which was introduced with the ``new`` option to `glide repo` command. This section is for the "new" features that are not in the docs. ## Current cons ## New cons ## Known Issues \* Some features described in the API docs for the new Sudoer subsystem are not supported. However, they are documented in this section. ## Sudoers Sudoers are a very powerful configuration option that allows you to set up a number of different access modes. Sudoers have been widely adopted into different applications. ## Related \* [A note on directory access]({{ }})({{ }})/sources/advanced/directory-access.md) \* [The "classic" Sudoer subsystem]({{ }})({{ }})/sources/advanced/classic-sudoe-subsystem.md) This is the live boot disk if you are new to the game. For those who have played the game since launch, the game doesn't need a live disk, it already has updates. To get the live disk, go to game which ever version you currently play. 1st touch 'Download new content'. 2nd touch 'Live disk'. Let me know if it does not work. I was able to use it with the single player
