## Return To The 36th Chamber Of Shaolin Full Movie In English Free Download !!HOT!!

This movie is about a famous actor who is actually a monk. He is training to be a kung-fu master at the Shaolin temple, but for some reason he is put in the wrong class, and instead of the kung-fu class of Shaolin he finds himself in the other class, which is a stage class. This makes him be very unhappy and since he has to constantly act, he thinks that this is the profession he is meant to be in. All of this quickly starts affecting the actor's life and slowly turning it into a tragedy. It is one of the most awkward comedies I have ever seen. I think it really does a great job at showing how un-kung-fu like some people may think Shaolin is, all the while maintaining great Shaolin martial arts action. A very old kung fu actor travels to the Shaolin temple to pray for help for his business. As a result, he is given a second chance at life in a different way. An awful tv pilot is made where he must kill the three masters who are behind the series. The goal of the movie is to show how good actors can become something more than that. They can act like bad guys! The purpose of the 36th Chamber of Shaolin is to give valuable information about the original Shaolin Temple which was founded by the legendary monk, Liu-Te, who is also the main character. The Temple is a secret martial arts monastery, hidden deep in the mountains of the Hubei province. While carrying on their training, the Shaolin monks leave the Temple to pursue their own goals in life. When he arrives at Shaolin, the young actor poses as a beggar, assuring the guards he will keep his mouth shut if they will help him get to the top. The guards take the actor to the temple's leader, who is an old nun, who is suspicious. The guards take him up to the 36th chamber, where they find a room full of weapons and armor. The guards, who are hired mercenaries, are paid to kill the intruder on sight. And yet, they feel sorry for the actor, and point him to an upstairs room. The young actor finds a door that leads to the secret training chamber where the monk Chu Jen-chieh (Liu Chia-Lang) meets him. The actor quickly puts on his martial arts suit and takes off, only to be joined by a killer-for-hire, a Shaolin guard, and a priest in disguise. Then, when he's passed the 36th chamber, the actor becomes aware that each of the other monks are in disguise and will try to kill him.

## Return To The 36th Chamber Of Shaolin Full Movie In English Free Download

As a lifelong devoted fan of chop-socky, I still did not see this film until last year because it was impossible in the U.S.(at least it seemed to me) to get a original language 36th Chamber of Shaolin. Knowing that any video that said Shaolin Master killer or just Master killer would be an English dubbed atrocity I decided to wait. The workers of a dye factory have their pay cut by 20% when the factory owner brings in some Manchu thugs to try and increase production. Desperate to reclaim their full wages, the workers hire an actor to impersonate a priest and kung-fu expert from the temple of Shaolin. Director Lau Kar-leung excels in this action-comedy. When I think Shaw Brothers kung fu, I think of Chang Cheh, which may be very narrow of me (I am still learning). But Lau is every bit as great, and in some ways maybe even greater, because although much of this looks like a Shaw action film, the comedy is excellent, clearly drawing on old-school American slapstick. As a lifelong devoted fan of chop-socky,

I still did not see this film until last year because it was impossible in the U.S.(at least it seemed to me) to get a original language 36th Chamber of Shaolin. Knowing that any video that said Shaolin Master killer or just Master killer would be an English dubbed atrocity I decided to wait. A group of criminals have kidnapped the Mayor and several members of the town's council. San Te and his disciples, who are also involved in the political world, resolve to rescue them. But when they arrive, San Te is mortally wounded and he passes on his skills to his spiritual successor, who vows to carry on his legacy. Director Lau Kar-leung brings us eight classic kung fu scenes, showing us all of the major exercises from the 36th chamber. In addition to all of the forms, there are also several great solo exercises. So if you want to see a demonstration of the exercises, look no further than this movie. Lau shows off the famous "where can I punch to disable my opponent" sequence - and uses it to great effect. Lau is a great action director and an amazing storyteller. 5ec8ef588b
